BERGEN-COHEN

Marty & Larry were definitely one of the premier pairs in the world. In the 1980's, they won 7 National Championships. The frisky Bergen-Cohen approach spurred a revolution in bridge bidding that is still prevalent today.

Their books, CDs and lessons are popular world-wide. Now, they re-unite for what will be an exciting two days in South Florida. You will love their entertaining style and your bridge game will benefit greatly from their uniquely informative approach.

This is the event that bridge players will be talking about and you have the opportunity to be there.
